CHARGE AGAINST A VOLUNTEER RESERVE.

ACCUSED DISCHARGED.

An interesting case was heard at the Kuala Lumpur Police Court when H. D. Moffat, a private in the M.S.V.R., was charged by the Kuala Lumpur Military Authorities, at the instance of Lieut.-Col. Tyle that he, on the 9th January, committed the offence of cheating by falsely representing that he wished to leave the F.M.S. in order to join His Majesty's forces at the front, and that before leaving he would settle all his liabilities to the M.S.V.R. and therefore dishonestly induced Lieut.-Col. Tyle to supply him with a passport to leave the country.

The D.P.P., Mr. McCabe Resy, stated that on Jan. 9th defendant approached the Commandant of the M.S.V.R. and asked for a "discharge certificate" which would enable him to obtain a passport to leave the country. Defendant told Lieut.-Col. Tyle that he wished to join His Majesty's forces and go to the front, and, according to what had come to light since, this was cheating. Defendant owed the M.S.V.R. Corps \$30, and Col. Tyle, believing defendant, gave him a full and clean receipt for that sum, and without that discharge certificate defendant could not have left the country. It was therefore a valuable document. The only point at issue would be what was really in the mind of defendant when he induced Lieut.-Col. Tyle to give him that discharge certificate. There was evidence that defendant was heavily indebted when he left the country; there was also evidence which would go to show that he left the country in a hurry, without informing his creditors that he was going.

Harold Douglas Moffat, defendant, said he was divisional manager of "Sungei Sembilan Estate, Jeram." He had got leave from his estate for six months from January 6th, on half-pay. In June or July last he was refused by the M.O. in Singapore for Home Service. Three months later he applied again and was again refused. He had a fall and sustained partial paralysis of the shoulder. He produced letters from Dr. Honessy, and Dr. Black, of Singapore; the latter, in his last letter, strongly advising defendant to go Home if once if the paralysis was getting worse, and see a good medical man in London, regarding the muscles of his shoulder.

He was arrested in Hongkong and kept in the Police barracks for seven days; he had no sleep for five days, and he was very cold. He went back to Kuala Lumpur of his own accord and at his own expense, because the authorities in Hongkong were either unwilling or unable to tell him why he had been arrested. The Chief Detective Inspector in Hongkong told him he might have to wait several weeks in Hongkong. Questioned by the D.P.P., he said he engaged a solicitor of the firm of Stevenson. He personally drafted out the copy of a telegram to the authorities in Singapore, asking for specific charges for his arrest. His solicitor would not send this telegram. He asked him upon more than one occasion to do so, but he refused. His solicitor said:—"Do nothing." He then, in an interview with the Chief Detective Inspector, suggested that he should come back here, and the Police assented, so he came back. Continuing, defendant said he had not paid Mr. Murray, as he had not sufficient funds to pay everybody before he went Home, but he had told Mr. Murray, some considerable time ago, that he was going Home. He had not left the service of the estate. He was going Home on six months' leave. His normal leave was not due until April next, but his General Manager had allowed him to go earlier, on account of the injury to the muscles of his arm.

The D.P.P. suggested that defendant's reason for returning from Hongkong, of his own free will, was because he had a guilty conscience, and thought it best to hurry back to Kuala Lumpur to hush matters up. Defendant denied this. He said he did all he could in Hongkong, to find out the reason for his arrest, but having failed to do so, and his solicitor having failed also, he thought the only thing to do was to come back. He had never been taken before a Magistrate during his detention in Hongkong.

After a short deliberation the Magistrate intimated that he had decided to acquit defendant, and he was accordingly discharged.

AMERICA'S GREAT TASK TO FEED EUROPE.

INTERVIEW WITH MR. HOOVER.

The work of the Food Administration in America, of which Mr. Hoover is the head, has been compared as being equal in importance to that of the War Department. Certainly, in the circumstances, it is of no less importance, for while the Army will do its share by the side of other armies, the Food Administration has the unparalleled task of producing and supplying food to enable the Allies in Europe to go on fighting, while at the same time it safeguards the provision of food for its own hundred millions of population. The significance of all this is brought home by the fact that the war has produced a condition of things in which there is not at present enough food being produced in the world to feed the world. It is the task of Mr. Hoover to organize the resources of America, so as to get enough food to Europe to make up the deficiency.

It is a colossal task. This country has had to be swiftly educated to it. Ideas of big profits on the one hand and of many daily comforts and luxuries on the other have to be eliminated from the expectations of all American people. That is one step towards conservation of present supplies. Sweeping agricultural measures for an increase of wheat last year and for the increase of breeding stock are another side of the work. Radical re-organization of railway transit in food-producing and distributing areas is an incidental. The whole country is being probed, stimulated, regulated to save food and produce more food. Mr. Frank Dillnot had a talk with the man who is doing it, which is related in the "Daily Chronicle."

WHAT THE ALLIES WANT.

Mr. Hoover went to the root of the matter at once. "The Allies want from us 600 to 700 million bushels of grain, instead of the normal pre-war amount of 120 million bushels. We are trying to meet that by stimulating production, by reduced consumption and by cutting down the supplies we have usually sent to other countries. We are doing that cutting thoroughly. The meat situation is pretty similar; we have to export four times what we did before."

Mr. Hoover rapidly ran over the ways in which the saving of food is being brought to accomplishment. There are 300,000 public eating places—hotels and restaurants, and among them there is a very wide acceptance of one wholesome day and one meatless day a week—and this means not so much the imposition of a hardship as the difficulty of establishing a habit, for on meatless days chicken and fish are available, and on wheatless days delicious cornmeal bread. These 300,000 establishments are being instructed every few weeks by special bulletins in methods of saving food not only by choice of menu but also by means of preparation. There is a variety of detailed guidelines.

"So far as private families are concerned," said Mr. Hoover, "we have instituted a nation-wide canvass. Two hundred thousand volunteer women workers are visiting households giving advice and asking adhesion to the food saving plan. Each woman has a group of households under her care. Twelve million out of seventeen million households have signed cards that they will co-operate."

The effort resolves itself largely into a careful choice of food rather than an abstinence—except in a few instances, notably that of sugar. An instance of a different kind of method is given in connection with the large consumption of sweets, "candies," as they are called here. Enough sugar was being used up in "candies" to provide Britain with her entire war supply. Mr. Hoover stopped altogether the supply of sugar to the manufacturers of candies for a period, and they are now getting a rationed percentage. Though there is as yet only general indication of the results of the educational campaign and the public co-operation, there is an indication from one important district that 25 per cent. of wheat flour is being saved. This may be general, but it is too early yet to say definitely.

Mr. Hoover expressed himself as appreciative of the efforts being made in England by the Government in the direction of food saving. It is by the conservation of the Allies no less than by the efforts here which will solve the difficulty, he said.

THE FOUR ESSENTIALS.

America's efforts are directed principally towards the provision of four essentials for the Allies, namely, wheat, meat, sugar, and cotton. So far as wheat is concerned there has been a concerted effort to increase acreage. This year the crop was 668 million bushels, which is below the average. It is hoped that owing to the increased acreage the crop next year will be 1,000 million bushels. This will provide sufficient to meet demands. Meanwhile Americans are being urged to use corn meal—that is, maize meal—instead of flour. Corn meal cannot be exported, Americans are used to it as food, and there is an ample supply. This year's crop was a bumper, amounting to over 3,000 million bushels. This great supply of maize, while helping to economize in wheat flour, is also giving tremendous assistance in the provision of extra fats and meat.

Fat hogs are greatly to be desired. The fattening properties of maize are extraordinary, and hogs are getting it in abundance. Moreover, producers are being stimulated by a minimum price for a fixed period on hogs, which gives assurance for the future, prevents immediate sale of smaller pigs because owners realized they can be quickly fattened to a greater weight, and that for these bigger animals they will get this minimum price by weight. (The minimum, it should be said, is a high one.) One result is the encouragement to keep large breeding stocks and increase production. There will be tremendous additions to the stocks of pigs in a short time, and this means not only meat, but the all-important fats. Steps have also been taken by Mr. Hoover to increase the production of cattle. Female calves sent to the slaughter-house are picked out and returned to be used later on for breeding purposes.

With regard to sugar, there is a great effort being made to secure adequate supplies. One example is the fact that for the first time sugar is being brought from the Philippines as well as from the other sources. Meanwhile Americans, like Europeans, are being asked to limit their selves. The ordinary consumption is 90 lb. per person each year. It is desired to get that down to 67 lb., and there is good prospect of success.

Here is an example of the kind of work Mr. Hoover is doing in this matter. It has been the custom in the great livestock handling districts such as that round Chicago to concentrate operations on Mondays and Tuesdays, and as this was prevalent everywhere it can easily be seen how traffic was disorganized by the attempt to handle a week's live-stock in two days. Under the system now set up by Mr. Hoover food-operators in each railway zone are given different days from those in other zones, and thus the available cars are spread over the entire week instead of having far more than they can do on the first two days. This multiplies the value of the railways so far as food is concerned by at least three.

It remains to be said that in his multifarious activities Mr. Hoover has secured the enthusiastic co-operation of the American people generally and that there is manifested in all the cities a keen co-operation and a sense of sacrifice that is a truly heartening signal to the Allies on the other side of the Atlantic.

THE UNIVERSITY OF HONGKONG.

MATRICULATION, SENIOR AND JUNIOR LOCAL EXAMINATIONS.

NOTICE IS HEREBY GIVEN that the examinations will commence on MONDAY, July 8th, 1918. Arrangements will be made to hold the examination at any town where a sufficient number of candidates offer themselves. Candidates who wish to be examined at any other place than Hongkong or Shanghai must apply to the Registrar on or before April 2nd, 1918.

Forms of entry and all particulars can be obtained on application to the Registrar, The University, Hongkong.

The entry form, duly filled in, must reach the Registrar together with the fee (Ten Dollars, Hongkong Currency) on or before May 1st, 1918.

The following Scholarships and Prizes will be awarded on the results of the Matriculation Examination, provided that candidates of sufficient merit offer themselves:

- Two King Edward VII Scholarships of £40 a year each, for five years, available in any Faculty. A candidate for these scholarships must be under the age of 21 on July 1st and must before the first day of the examination submit to the Registrar proof that he is a British subject.
- Two President's Scholarships of £40 a year each, for five years, available in any Faculty. A candidate for one of these scholarships must be under the age of 21 on July 1st and must before the first day of the examination submit to the Registrar proof that he is the son of a Chinese parent; that he was not born in any British Possession or Protectorate; that he has not adopted any foreign nationality; and that he is not eligible to compete for a King Edward VII Scholarship.
- Four cash prizes of \$100 each (Hongkong Currency).

Candidates who secure King Edward VII or President's Scholarships or cash prizes must enter the University on the day on which the University session opens and must reside in one of the hostels, directly managed by the University.

The examinations will be conducted according to the Regulations for the Senior and Junior Local Examinations and for the Matriculation Examination 1918.

Hongkong, Mar. 14, 1918

NOTICE.

WE have been APPOINTED by Messrs. JASON & NICHOLSON, Limited, of London, the well-known Manufacturers of Varnishes, Stencils, Paints and Colours, to be their SOLE AGENTS for Hongkong, South China, and the Philippine Islands.

11.30 a.m.—Green Island Cement Co. annual meeting.

MONDAY, Mar. 25:—

11.30 a.m.—Annual Meeting of Hong Kong & Whampoa Dock Co.

NEWS OF THE DAY.

LOCAL AND GENERAL.

The annual meeting of the Finance Committee of the Alice Memorial and Affiliated Hospitals takes place tomorrow at noon in the Chamber of Commerce Room, Chartered Bank Building.

The following telegram, dated the 13th March, has been received by the Government from His Britannic Majesty's Consul at Swatow:—Quarantine on arrivals from Hongkong for cerebro-spinal fever.

The University of Hongkong announces that the Matriculation, Senior and Junior Local Examinations will commence on Monday, July 8th next. The announcement appears among our to-day's advertisements.

Ipo at the beginning of the month, was experiencing an overpowering heat wave that was causing much illness in the town. A temperature of 97 degrees in the shade was common every afternoon, says the *Times of Malaya*.

"Further developments" are expected in the political situation in China as a result of a Conference of Turkans or their representatives which the Mukden Tientsin (who is threatening to march on the capital) is now trying to arrange.

The Hon. Treasurer of the Alice Memorial and Affiliated Hospitals begs to acknowledge with thanks the following donations to the funds of the Hospitals:—

Zoroastran Charity Fund...\$100
To Tai Chapel...48.71
A Patient per R.M.G. ... 30

We are informed by Bishop Pozzoni that the Rev. Father Patrick Devine is unable to come to Hongkong to conduct the Special Mission at the Catholic Cathedral. The Rev. Father J. M. Fraser has, however, very kindly consented to take the place of Father Devine. The Mission will last for a week and will commence on Wednesday the 20th instant, instead of on Sunday as previously announced.

Mr. V. M. R. de Sousa, the Consul for Portugal, has received from the Colonial Secretary a letter from the Commodore's Secretary conveying the thanks of the Commodore on behalf of the officers and men of H. M. S. *Doyle*, for their kind resolution of appreciation in connection with the recent disaster at Happy Valley, conveyed in the Consul's letter of the 5th March.

In the matter of economy in paper one of our dependencies beyond the seas, says the *Daily Chronicle*, sets a commendable example. A communication just received from the Federated Malay States comes enclosed in a wrapper made from an old Government rent roll and balance sheet, wherein was set forth the rent paid by Ching Wu Singh, Lo Wang Khob, and other estate tenants, as well as the exact amount of money—in gold, silver and copper—in the Government chest 30 years ago.

THE HORTICULTURAL SHOW.

CHALLENGE CUPS.

Special Challenge Cups for most praiseworthy exhibits were awarded as follows:—

Pot Plants, Open.—Mr. Ho Kom Tong (Mignonne).

Pot Plants, Peak Garden only.—Mr. A. H. Harris (Heliotrope).

Vegetables, Open.—Mr. A. Nicol (Lettuce).

Cut Flowers, Open.—Mr. A. Nicol (Sweet Pea).

Cut Flowers, Peak.—Mr. H. W. Looker (Sweet Pea).

THE MAGISTRACY.

BURGLARY IMPLEMENTS.

A Chinese pleaded not guilty when charged before Mr. Wood this morning with being in possession of burglary implements at Yau-mat.

It was stated that the defendant was searched as he was found standing under a verandah at Temple Street about one o'clock this morning, and a pair of pincers and an awl were found in his possession. A quantity of pawn tickets for female clothing was also found on him.

Defendant said he bought the tools for use in connection with a job his friend had offered him.

Mr. Wood remanded the case until tomorrow.

A LIFE SAVER.

It is said by one of Chamberlain's Colic, Cholera and Diarrhoea Remedy has saved the lives of more people and relieved more suffering than any other remedy in existence. It is known all over the civilized world for its speedy cure of cramps, its stomachic diarrhoea, and all intestinal pains. For sale by all Chemists and Storekeepers.

HONGKONG HORTICULTURAL SOCIETY.

ANNUAL FLOWER AND VEGETABLE SHOW.

The Annual Flower and Vegetable Show, held under the auspices of the Hongkong Horticultural Society in the Botanical Gardens, and opened to-day, can undoubtedly be classed as one of the most successful ever held in the Colony. Despite an overcast sky in the morning, the sun came out later on, making the atmosphere just sufficiently warm to be comfortable. All concerned have reason to congratulate themselves, the efforts of officials and exhibitors culminating in a most satisfactory climax, as was evidenced by the opening day of the show, to-day. The show will also be open to-morrow from 2 p.m. till 6 p.m.

The exhibits this year, were exceptionally fine, despite the dry and cold season, aggravated by wind during the past few days. The flowering plants, especially from the Peak district, were of a very high class, and there were fifty more entries, totalling about 200 pots more than last year. In the other classes, the entries were about the same in number as last year, but of better quality. In all, there were 61 exhibitors.

In section 1, Sir Paul Chater was particularly successful, gaining eight first and three second prizes; likewise Mr. Ho Kom Tong, who secured seven first and eight second prizes. Mr. Chan King Yee was also very successful in various sections.

The Vegetable classes are worthy of special mention; one of the judges, who has only recently arrived from Home, expressed the opinion that the exhibits were equal to any seen in home shows.

Special mention must be made of the services rendered by Mr. H. B. L. Dowbiggin, who took over the arduous task of Hon. Secretary at the eleventh hour. In view of this fact, and also that Mr. Dowbiggin has had no previous experience in an office of this nature, all praise is due to him for the successful manner in which he has carried out his self-imposed task.

The band of the 18th Infantry rendered an excellent programme of music during the afternoon and tea was supplied by the Hongkong Hotel Company, who are generously giving half the proceeds to War Charities. Later in the afternoon, His Excellency the Governor and Miss May visited the Show and at 5 o'clock Messrs. H. W. Looker, in the absence of Lady May, distributed the prizes.

THE OFFICIALS.

The Officials are:—Mr. H. W. Looker (President), Mr. H. B. L. Dowbiggin (Hon. Secretary), Mr. L. N. Lee (Hon. Treasurer). The Committee consists of Mrs. Newall, Mrs. W. J. Taylor, Mrs. Aubrey, Commander Beckwith, R.N., and Messrs. W. J. Titcher, T. E. Pearce, Evan Ormiston, A. Nicol and B. A. Nicholson.
